

Anti-social behaviour

The government's Respect campaign aims to ensure that local agencies tackle unacceptable behaviour and its causes to improve quality of life for residents.

It is important to our tenants that we respond to reports of anti-social behaviour effectively. We have signed up to the [Respect Standard for Housing Management](#) which means that we will not tolerate anti-social behaviour on our estates and we will take prompt action against any perpetrator.

Examples of action we have taken are regularly published in our newsletter, **Open Door** in a special "In Court" feature. Wherever possible we will try to find ways to resolve problems rather than evict tenants which is very much a last resort. Click on the link below to our **Anti-Social Behaviour leaflet** to find out more.
