

The Waiting Times

Our properties are allocated on the basis of greatest housing need. All applicants are assessed under a points system to help decide your housing need.

Once you have made your housing application, we understand how frustrating it can be while you are waiting for a property to be allocated to you. To help you, our Home Choice team publish a newsletter, **The Waiting Times**, which is designed to keep you informed of what's going on while you are on the housing waiting list.

Please click on the link below to view the latest edition.
